

Save Space with

EDGEKO'S Sliding Storage Systems

Increase your usable storage space by 40% 70%

- Heavy-duty archival-safe chrome shelves with 800 lbs. weight capacity per shelf
- Shelving units slide easily on patented ball-bearing roller track system
- No tools required for assembly
- No permanent mounting required; easy to reposition or expand
- Open design allows retrieval of contents from both sides
- Allows sprinkler system penetration
- Maximizes visibility, ventilation and airflow
- Complete systems include track and 5 sliding shelving units with four shelves each
- Can be customized to fit most storage areas
- Ready to assemble

Shown with optional side ledges.

Each roller assembly includes safety brake to lock units while loading and unloaded.

Durable Cluster Seating for Indoors or Outdoors

Sturdy, durable cluster seating for indoors or outdoors is now available. Easy-to-clean sanitary stainless steel table and scratch-resistant powder coat steel seats are both water proof and fire proof. Great for break rooms, lunch rooms, patios, and other areas where you need comfortable, convenient seating.

Choose from five bold, vibrant seat colors. Table available in 65"W or 71"W. Heavy duty steel frame lasts for years. Adjustable foot glides allow you to compensate for uneven floors. Some assembly required.

- Auto return swivel seats
- Powder coat finish won't wear or fade
- Unit may be installed permanently
- Mixed color seats possible; call for details
